ENCLOSURE (A) Page -2-

CONFIDENTIAL,

25X1

Legend, Sketch-map of airport near Batovo, USSR.

- 1. 24 hangars loc ted in the hill "Jevish Fasture". Hangars are 60 meters long, 49 meters wide. They are 100 meters apart.
- 2. Concrete area in front of hengers
- 3. Three concrete strips, each 40 meters wide; two of these lead to the runways, one leads to the area between the runways.
- 4. Four concrete runways each 2000 meters long, and 60 meters wide. Between these runways is a grass strip, 200 meters wide. The surface of the airfield is grass.
